VIRTUAL ROUND
1st December 2024

BAJA SAINIK 2024 begins at Chitkara

CHANDIGARH: BAJA SAINIK 2024, the flagship event of BAJA INDIA, the Indian Society for Automotive Engineers (ISAE), concluded its annual virtual round at Chitkara University on December 6. Vice-advisor, BAJA SAINIK, and professor of practice at Chitkara said, “BAJA SAINIK is dedicated to bridging the gap between the Industry and Academia. The competition serves as a proving ground for engineers, where the process of building a single-seater ATV, an important technical and non-technical evaluation of the industry.”

The event was attended by more than 150 students from various technical institutions across Punjab. The event served as a platform for students to showcase their skills and knowledge in the realm of automotive engineering.

CHITKARA UNIVERSITY

A total of 156 teams are set to take part in the three-part series of the 2024 BAJA SAINIK, the flagship event of SAINIK, at Chitkara University. The Virtual Round is the second phase of the event, with the event spanning over three days from December 1 to 3.

In the event, students were challenged to design, build, and test their prototypes in a series of competitions that tested their abilities in areas such as design, engineering, and project management.

The event is an opportunity for students to gain valuable experience in the field of automotive engineering, and to prepare themselves for a successful career in the industry.
